Toe protection against injuries from falling objects, Offers resistance to 200-joule impact and 15-kilonewton static load.

Embossed Cow Leather

The material is strong and wear-resistant, effectively resisting scratches and impacts, and durable. Good breathability helps keep feet dry and comfortable. As worn, the upper of the shoe naturally extends and fits the shape of the foot, providing stable and flexible protection.

High Wear-resistant Dual Density PU Outsole

Composed of two layers of PU materials with different densities, the outer layer material has wear-resistant and anti slip functions, protecting the soles of the feet; The inner layer material has the characteristics of light-weight and softness, elastic shock absorption, and enhanced comfort.
