Electric
Insulation

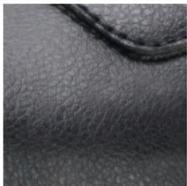

Features

Composite Toecap · EN 12568

Toe protection against injuries from falling objects, Offers resistance to 200-joule impact and 15-kilonewton static load.

Lychee Grain Microfiber Leather

Its grain is clear and wear-resistant, while the material remains lightweight and flexible, providing comfortable wear without stiffness. The microfiber leather offers good waterproofing and stain resistance, making it easy to clean and maintain.

Nitrile Rubber Outsole

High temperature resistance, acid and alkali resistance, providing strong grip, anti slip and wear-resistant. The rubber outsole is made of natural rubber, which can withstand 270 degree environments with superior acid and alkali resistance.

Industries

It is used in industries such as Heavy Machinery, Automotive Manufacturing, Chemical Production, Warehousing and Logistics, and Iron and Steel Metallurgy.
